

It is very easy to import national holidays, school vacation dates etc. into your calendar:

Importing calendar entries:

- Log in to interWaysMAIL Webmail (<https://ssl.interways.de>)
- Click in Preferences (Options) --> Calendar

- Go to the "Import/Export" section
- Click on "Import file", choose the .ics file you have downloaded and continue
- Choose the calendar you want to import the data into
- Alternatively, you can import the data directly into iCal, Thunderbird, etc...!

Where do I find these calendar data files?

- **Easy method:** Open Webmail (<https://ssl.interways.de>), click on "Zimlets" on the left; click on "Holiday Calendars". Then you can choose a list of countries and import holiday dates. A corresponding calendar is created automatically. It is also synced to Outlook/iCal/DesktopApplication/iPhone, ...

- Using your preferred search engine, e.g. Google oder Yahoo!, search for: ics holidays or similar phrases
